

More about adaptation pathways

Presentation 1

[A User's Guide to Applied Adaptation Pathways](#)

Step by step introduction to planning an adaptation pathway project, produced by the Adaptation Pathways Network (via link on London Climate Change Partnership website).

[Adaptation Pathways Network](#)

A platform for planners, practitioners and stakeholders around the globe to interact and develop leading practice approaches to decision making in the face of long term change.

[Deltares Dynamic Adaptive Policy Pathways](#)

Introduction to Adaptive Pathways, including 5 minute video that uses a metro map as an analogy to explain adaptive pathways.

[South West Climate Change Portal Adaptation Pathways page](#)

Australian website with useful introductory text explaining how adaptation pathways are used in climate change adaptation.

[What is a Pathways Approach to Adaptation?](#)

Helpful text and diagrams/graphs used to explain the concept and how it has been applied in various case studies, from Australian organisation CoastAdapt.

[Adaptation Pathways – From Concept to Practice](#)

In-depth 2-hour YouTube video from ASSAR Project, featuring presentations and discussion on Adaptation Pathways from experts.

Case Study: Short-term decision making and long-term strategies: how to adapt to uncertain climate change. Examples from the Thames Estuary and the Dutch Rhine-Meuse Delta, Ad Jeuken and Tim Reeder, Water Governance 01/2011 pages 29-35

[International standard ISO 14090: 2019 Adaptation to climate change — Principles, requirements and guidelines](#)

More about the [Thames Estuary 2100 Plan](#)

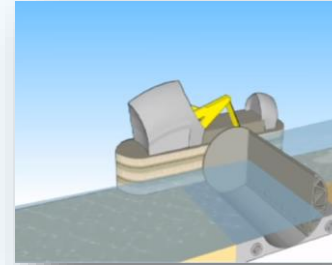

Thamesestuary2100@environment-agency.gov.uk

Presentation 2

[Thames Estuary 2100 Plan](#)

The first version of the Plan, published in 2012.

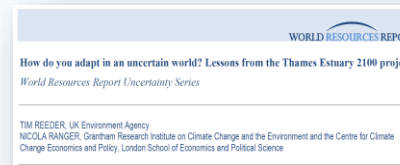

[Thames Barrier operation](#)

Useful text and video with simple graphics explaining how the Thames Barrier operates.

[10-year Review monitoring key findings](#)

Summary of the key findings of the 1st 10-Year Review, published in 2021.

[How do you adapt in an uncertain world? Lessons from the Thames Estuary 2100 project](#)

World Resources Report Uncertainty Series paper (via link on London Climate Change Partnership website).

[10-Year Review Timeline](#)

Timeline (2019-2022) for the 1st 10-year review of the Thames Estuary 2100 Plan.

If you use assistive technology: (such as a screen reader) and need a version of the Plan documents in a more accessible format, email enquiries@environment-agency.gov.uk stating what format you need and what assistive technology you use.
