MAYOR OF LONDON

MAKING LONDON GREENER AND A NATIONAL PARK CITY

Policy interventions

Green spaces and urban greening designed to hold storm water

Green spaces and urban greening that support biodiversity

Facilities for people to exercise, play and relax

Trees, green spaces, green roofs and green walls to cool the city down

Targets

More than 50% green cover

10% increase in canopy cover

Benefits

Improved mental and physical health and well-being

A cooler city

Reduced flood risk and improved water quality

Improved air quality and reduced exposure to air pollution

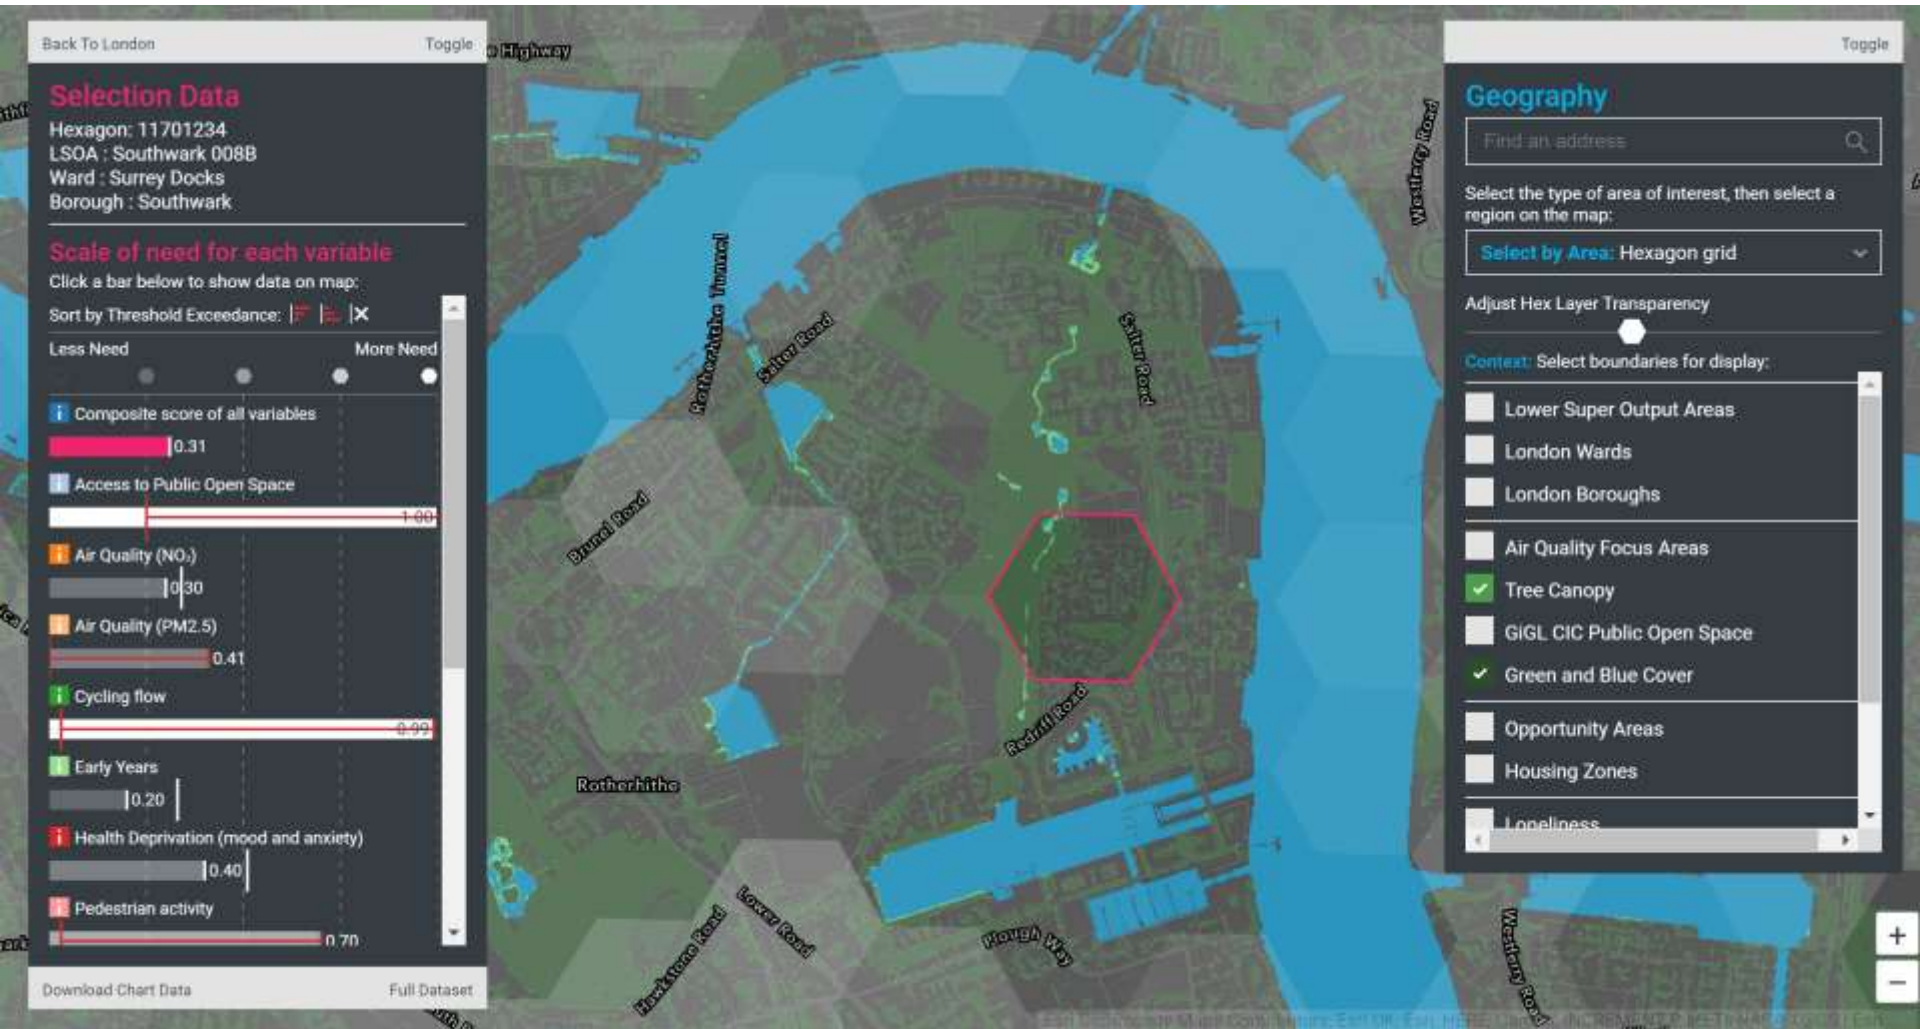

Higher biodiversity
